DIVINE GRACE COLLEGE OF ARTS, SCIENCE AND TECHNOLOGY (DGCAST) – GAROUA

MARKING GUIDE – FORM ONE GEOGRAPHY

First Sequence Evaluation, School Year 2026-2027 • Duration: 1 hour • Marks: 20 • Facilitator: Mr KAMDEM Emmanuel

Distribution of marks: Part One 9 marks (Section I: 5; Section II: 4) • Part Two 9 marks (3 tasks × 3) • Presentation 2 marks = **20 marks**.

PART ONE: VERIFICATION OF RESOURCES (9 marks)

Section I: Multiple Choice Questions (10 × 0.5 = 5 marks)

N°	Question	Correct answer	Marks
1	The study of the Earth, its features and the people who live on it	B: Geography	0.5
2	Branch that studies relief, climate, rivers and soils	C: physical geography	0.5
3	Population and settlement geography belong to	B: human geography	0.5
4	Method to collect information directly from people	A: questionnaires and interviews	0.5
5	From the Sun, the Earth is the …	C: third planet	0.5
6	Water covers about … of the Earth's surface	C: 71 %	0.5
7	The largest ocean	C: Pacific Ocean	0.5
8	A round model of the Earth	B: globe	0.5
9	Part of a map that explains the signs and colours	C: key (legend)	0.5
10	Latitude and longitude of a place are its …	B: geographical coordinates	0.5

No half-mark for a wrong answer; two letters marked for one question = 0.

Section II: Structural Questions (4 marks)

N°	Expected answer	Marking	Marks
1	Real distance = 7 cm × 20 km = **140 km**.	Method (7 × 20): 1 mark. Answer with unit (140 km): 1 mark.	2
2	Any two differences: a globe is a round model of the Earth, a map is a flat drawing; a globe shows the whole Earth at once, a map shows the whole Earth or only part of it; a globe shows true shapes and distances, a map distorts them; a globe is not easy to carry, a map is easy to carry and to draw.	1 mark per difference (both sides stated), up to 2.	2

PART TWO: VERIFICATION OF COMPETENCES (9 marks)

Task	Expected answer	Marking	Marks
1	Aïcha **does not understand the signs, colours and numbers on the map**, so she cannot find Maroua nor know how far it is from Garoua.	Problem identified (she cannot read the map): 2 marks. Consequence (cannot find Maroua / the distance): 1 mark.	3
2	Using Document 1, any three: the **title** (tells what the map shows); the **key** (explains the signs and colours); the **scale** (calculates real distances); the **north arrow** (shows directions); the **lines of latitude and longitude** (locate places).	1 mark per element with its use, up to 3 (1½ for the element only is not accepted).	3
3	Any three: read the key to understand the signs and colours; use the latitude and longitude (coordinates) to locate Maroua; use the scale and a ruler to measure and calculate the distance; use the north arrow to find the direction (Maroua is north of Garoua); ask the teacher or an adult / use an atlas.	1 mark per valid proposal, up to 3.	3

Document 2 (a cattle market) is a distractor: a candidate who uses it receives no mark for that point.

PRESENTATION (2 marks)

Criterion	Marking	Marks
Neat paper, legible handwriting, answers written in the spaces provided	1 mark if clean and legible; ½ mark if partly	1

Criterion	Marking	Marks
Correct spelling and complete sentences	1 mark if few errors; ½ mark if many	1

Total: 5 + 4 + 9 + 2 = 20 marks.
